**Subject: Expiration for Decon Labs' products**

The following products have no expiration date, due to their stability. If an expiration date is mandatory, for laboratory certification purposes, as a non-binding recommendation, Decon recommends an expiration date of two years after the manufacturing date. However, using these products past that date should not affect their performance.

It is the responsibility of the customer to develop their expiration date past two years based on usage and need.

Bacdown Gel	Contrad 100	Eliminase	Proguard Hand cream
Bacdown Handsoap	Contrad NF	Flash Freeze	RNAse-Displace
