FOXWEST SALES, INC.

Optical Lens Cleaner

Technical Data Sheet

- BRIEF DESCRIPTION –

Optical Lens Cleaner is a gentle cleaning solution that can be used to clean all optical glass surfaces including microscope optics, adsorption cells, and lenses.

Optical Lens Cleaner contains no abrasives or silicones so it will not etch, scratch, streak or leave interfering residues. Safe to use with cemented lenses.

- USE PROTOCOL -

Apply to optical glass surface directly from bottle or using a soft wipe saturated with solution. Clean and dry with soft lint-free wipe or cloth.

- ACTIVE INGREDIENTS -

Sodium Dodecyl Sulfate
Glycol Ether

- PRECAUTIONARY STATEMENT -

Keep away from heat, sparks, or open flame. Use with adequate ventilation. Keep out of reach of children. Wearing gloves and goggles is recommended when using large quantities of this product. Do not take internally. Not for ophthalmic use.

If swallowed (if conscious) – give 1-2 glasses of water and call physician. If inhaled, remove to fresh air. For skin contact – flush with water. For eye contact, flush with water or eyewash solution for 15 minutes and seek medical attention.

- PACKAGING -

6 x 2oz. / pack
8 packs / case
